

I am writing this to inform whom it may concern that I do not agree with the LPFM broadcasting. K-LOVE radio serves my community with Christian music that is paid for by the listeners. I think to allow the LPFM broadcasters to take over the airwaves would really hurt this community that benefits from radio stations such as K-LOVE radio. K-LOVE radio is positive and encouraging and when I listen to it at work, home, or in my car it makes a difference in my day. Please do not allow these LPFM broadcasters to take over the airwaves and keep me from being able to receive my positive and encouraging K-LOVE. I hate to think about the welfare of my community without this radio station. Thank you for your time. God bless.
